

26 October 2017 à€” Just over a week away from release, Call of Duty: World War II! We're incredibly excited about the release next week, and we can't. Today we want to share with you our thoughts on Call of Duty: WWII. We think that this game has a huge potential not only for the players, but also for the developers. Call of Duty: WWII is the real game we want to see. And we are very pleased that we can do something that will bring us closer to the implementation of this. Call of Duty: WWII is a game for everyone. It brings together players of different age categories and experience levels.
