Q: How do I find the CSS selector for this HTML? I've started learning about CSS and trying to practice making styles for different HTML elements. After rendering the HTML I see

that the bottom HTML element is not styled. What would I have to change in order to style the bottom element?

```
Shopping Cart #custom-checkout-button { height: 40px; margin-bottom: 0; } .form-style input, input.form-style { margin-top: 8px; margin-bottom: 8px; }

Oklahomans have been gearing up for the holiday in anticipation of a long weekend ahead. Schools are closed Monday. Ahead of the holiday, Samuel Jarmon and his family

didn't want their Thanksgiving to lack in excitement. "So we was going to take the whole family, but there was another problem," Jarmon said. After a Saturday phone call from their landlord, the family had to scramble to take care of urgent business before opening their home to a family they didn't know. "We noticed an apartment that had opened up in our complex and we said, 'Well, maybe we can do this,'" Jarmon said. They were pleasantly surprised to learn their new neighbors have extended an invitation to their family of three, including their two children, for Thanksgiving dinner. "We were so excited and happy they were so nice to us," Jarmon said. The couple was also impressed with the community. They had gotten to know some neighbors over the years and were surprised to learn about how much their new neighbors appreciated them. "We meet all new people every week," said

Jarmon. “It’s been a nice experience because we’re not used to that.” Having to move in only a couple of days before the big day, they had to be sure they could provide all the extra needed to make the meal a success. “When we had the move we were so excited to come home to a house that didn’t have food,” Jarmon said. After taking care of any financial issues, they set to making a list of the best dishes from the store. ❖ 3e33713323
