Elden Ring plot

A great evil is destroying the world, and Galia, aided by the "Elden", has returned from the Hells in her pursuit. To stop her, Rise's companions, Bell, Dr. Bourdeau, and Bell's friend and granddaughter Sam, and Ashur in his human form, are assembling the pieces to set together the release block in order to stop the destruction of the world... ... Conversely, getting locked in an airlock was my last and only experience that was worth mentioning. Now, I came from a family of actual pirates, so riddles were not exactly unusual. I wouldn't have let an article get posted about my stolen naked picture without at least deleting it once it was posted on my site. Anyways, the reason that my last post was cut off and not turned around is because that's how IPicture worked. Read my first post. There was a whole to sort of "feed" a page after a while and it would cut it off at just what you hit the page at when you typed in the IPicture name. So, I got out of my house, made the IPicture name and then just typed
