For detailed information about ELDEN, click here: ENJOY NAMCO BUNNY ELDEN **Privacy Notice** **[privacy information]** **Note on Japanese Language** Japanese text cannot be perfectly translated into other languages, so you may encounter some text or menu items with alternative (untranslated) Japanese phrases during the game. **Chat** --- FAQ 1. Why do I only see the male character model while playing the game, even though there is a female character available in the Men's Main Menu? The male character model is used for the main character of the game, the main character. We have no official statements about whether this is limited to the Japanese version, but we can only assume that there was no choice made at all for the scenario. (We will be making an effort in the future to prevent this issue) 2. How can I make a fair request that I want to make, such as enhancing the enemy group or adding new enemies? The first step in this process is to contact the customer support at [support@enjoygame.com] You can ask for the enemy group to be enhanced by describing the situation in detail to the customer support, as well as to clarify and request any features that you want. The customer support can consult with our development team to obtain the possibility of adding new enemies or enhancing existing enemies, based on your request and that of the development team. **Chat** --- Thank you for playing ELDEN! Features Key:

- Improve Your Character: Advanced gameplay mechanics allowing you to improve your character through an enriched character progression path, allowing you to become stronger through game adjustments and an upgraded battle system.
- Aura of Destiny: Ensuring your character progression by fully cultivating the mysterious aura known as "Aura of Destiny," you can become an even stronger character that could not have otherwise been possible in the classic F2P gameplay.
- Role Switch: The role swap feature allows you to play the character you want to play when you want to play it. You also have the option to create your own unique role-swapping character.
- The Integrity Test: When you level up, you are tasked with a True Challenge. Items known as Integrity Shards are awarded depending on the resolution of your story and you are able to play them in your own way. These items can be used during the game to strengthen the characters you want to play.
- Multiple Data Assignments: Applying your data to the 3 other classes you can play allows for a more personalized play style by allowing you to change character progression through various ways.
- An Official Opening Party: An official opening party for Firefall in the US and Europe is planned on August 19 - 20th. The developers of Firefall will be in attendance and be joining you on the servers in these events, so don't miss out!

Get Firefall for free and try out the Elden Ring key feature!

Anyone who owns the game prior to the final launch can download a trial version of the game and play the Beta for free until it formally launches via Steam.

Elden Ring Free Download [Mac/Win] [Updated]

*Standing, Falling, and Sliding The movement of your character in the game is based on the control system that has been applied to all the titles in the ELDEN RING series. Basic movement is made possible by standing up, crawling, and sliding. Also, when the main character falls, there is the option to stand back up. This feature is applied to combat, travel, and stealth to immerse the player's sense of control in the game. In addition, if the player's character moves away from behind obstacles and the obstacle exists, he will fall. This fall is based on gravity and the force of your own movements. This feature is also applied to the destruction of bridges, where if you move away from behind bridges, they will fall and disappear from the game world. *Elden Powers The main character can use his own power, and the power of NPC. The power that allows you to run and attack with speed, the ability to utilize Elden Stones, and the ability to use special skills, including spells, and magic, are available to the player. The power of NPC is drawn from the power of the land, and you can use the power of NPC in the world. NPC has its own balance, and you can experiment with a variety of strengths. NPC's power is based on the playable race, the type of NPC character, the age, and the NPC's relationship with the main character. NPC's power varies according to the color of the type of NPC character. *NPC's main power points and special skills The NPC can acquire weapons, armor, and magic from bosses, monsters, and NPC's own equipment. The NPC's power also has a final form, a certain level of armor and weapon, and special skills. There are also special skills like Elden Stones, Rads, and Elden Stones, which is a kind of power that allows you to restore your health and additional capabilities for a short period of time. You can combine these specific skills for various NPC's powers. When you use it, your power and skills will become stronger. *Elden Stones Elden Stones appear when you use certain power like Rads. Elden Stones are a kind of power that restores your health and several skills, and increases your critical rate. Elden Stones are generally used for a short period, and they appear at intervals after they are used. *Rads Rads

What's new in Elden Ring:

ELEXIELAND

Complex and stylish anime art-style 3D graphics that change with the character's movements. A Story where the mystery is never solved. Delve into the mystery of the girl who has been missing for a year. An Entertainment for all Ages Why are you in this place? As you wander through the twilight realm, what is the murderer after, and why? Not only the game itself, but every clue is also part of the game and provides you with a new way to approach it. It is a game both females and males can play together.

TAKENOKIDAWA'S EVOLUTION

A Action RPG that aims to satisfy anyone who's looking for a nostalgic game with easy-to-play controls to enjoy a huge adventure and a story with an amazing story.

MAISHOU DAISIES 1 / 2

A Christmas movie collection with two episodes! Around the festival season, there are spectacular celebrations. At those times, we release double episodes for a limited time to enjoy the festivities.

Web Anime launched a new A/V installment collection for the game "Kamodaki no Asobi," an original anime film based on the fantasy manga "Azur Lane" by TAYAO Ishikawa, featuring the character Anne, from the anime title "Kamodaki no Asobi." The collection is set to open its first episode.

BURUMAKI / Reika's Three Rings / Servant Party

LAST DAYS OF MAGNUS
