A game where the player is free to decide how much to explore a massive environment, learning about people and the history of the land. A game where the player is free to decide which milestones he wants to accomplish, which not. Where he can dedicate his time and energy into them or ignore them completely. The player is free to replay the game at any time and begin again from the initial events, choosing his own experience and adding his own mark to the story of the game. HELLO, I AM LANDO. I'm the 3D artist for this game. I've been working on this game since 2014, with plenty of help from the great people at Hackindojo Studios. You can view some of the progress we've made to date on this youtube channel: This project is an amazing personal journey and I hope you enjoy it too. I would like to thank a few people who have helped make this project what it is today, and in the future. These people include: Timmy: For all the help with the AER. Matt: For all the music making. James: For all the help with the AER. Kirbi: For all the help with the HUD and character animation.

Chris: For all the programming and technical guidance. Kevin: For all the help on the original concept. Mike: For all the advice on the story and the lore. Lando: For all the help on the project and the game design. Sandy: For inspiring my creativity. Dream Theater: For inspiring my creativity. D.P. Spencer: For inspiring my creativity. Undead: For inspiring my creativity. Thatcher: For inspiring my creativity. Loviate: For inspiring my creativity. D.I.Y.: For inspiring my creativity. Kirby: For inspiring my creativity. **Utah Saints! Brawl with bad dudes and tough girls as you fight through dangerous environments. Story** The notorious “Syndic8” gang are slowly taking control of the capital and have kidnapped Claire Sparks’ younger sister. Unfortunately for them, Claire will do whatever it takes to get her back and crush anyone who stands in her way! She teams up with her two friends (and housemates) - retired pro-wrestler Miller T. Williams and Duke Sancho, the streetwise bare-knuckle fighter. Together they must battle and brawl their way through the mean streets of London in a risky mission to reunite Claire with her sister. **Characters** Claire Sparks, a student and martial arts expert, who has become unwillingly embroiled in the rescue of her sister. Duke Sancho is a quick-witted, bare-knuckle fighter from London, earning his nickname after a brawl in the Duke of Wellington pub. Not forgetting the towering figure of Miller T. Williams; a Canadian ex-pro wrestler, controversially removed from competitions for use of excessive force. Together the three friends must battle their way through the streets of London on a dangerous journey to bring back Claire’s sister! **Gameplay** The gameplay mechanics are sure to go down well with fans of the genre, giving players a vast array of moves and the ability to block, run, dodge, strike downed opponents, and even perform juggle combos! Each character has a unique feel and move set that the player will have to master. **Soundtrack** Final Vendetta has a thumping soundtrack featuring brand new and exclusive tracks from Utah Saints, Featurecast and Krafty Kuts! The UK is known for its dance music scene and this electrifying soundtrack compliments all the action Final Vendetta has to offer in tremendous style. **Key Features** Hardcore fighting action that pulls no punches. Stunningly animated pixel art. A thumping dance/techno soundtrack featuring exclusive tracks from Utah Saints and Featurecast. 1 or 2 player co-op. 3 playable characters with varying fighting styles. 6 areas to battle your way through. Classic beat-‘em-up gameplay with fresh mechanics. 4 exciting game modes - Arcade, Survival, Versus & Boss Rush. 3 difficulty settings.

## **What's new:**

**Twelve months ago, a spirit of death came to me. That spirit of death was the one that left Tamayr's Daughter and cast her down to begin her earthly journey in Hell, but it was not its agent that came to see me, for that devil was sent to take that spirit back with him to Hell. I met with that devil in my dreams, and I saw that he would take that spirit back with him if I did not find the next Confessor. I knew that she would be in one of the sacred places of the spirit world that I believe belongs to the Ancient Ones. That is where I found her. How I sense how dark a place that was! The eternal night, which that devil had brought there for her! Why it seemed like she had been there for an eternity, I do not know for certain. There it was that I found her, and even though I feared it would be the longest of my lives to fight such an opponent, I set out to find that spirit of death, that witch, that evil that had taken my granddaughter's soul away. What did I find? A she-devil, the ancient one from whose spirit that one had stolen the life that should never have belonged to another. Once again she had taken my life's blood, and if she had the strength to unleash this evil horror against me, who knew what other evils she could bring forth? That is how I met her; that is how I was smitten! I killed her. She died. In my hands, like a knife, I took that devil's life and cast her from these eight planets, but, despite the marks of the angel she had left on my life, I had made sure that the next Confessor would not be a dire threat to my soul, for I had locked her behind eight worlds where she could not touch me. It should have been impossible to harm me, but the same darkness that had come to take Tamayr's Daughter, it also caused her enemy to enter my dream and make my fighting against her invincible. Could she have found a way to bind a devil to herself? I do not know, but I cannot say that it was not possible to cast something of evil into the deepest parts of Hell's realm. Was that devil using the Ancient Ones to bind her own power? These questions may never be answered, but I have taken a step in the right direction, and there are others to follow. Even though she was**
