User Agreement and Privacy Policy. "); } \$("#textarea").load(""); }); I think I'm looking at the correct model. I have a Brother MFC-9070DW printer/copier/fax that worked great for about two years, until the other day when it just quit printing with out any warning. I've turned it on and off and still nothing. I can get it to print by selecting "print test page" from the printer menu. I've tried turning power save off and back on and the printer will work for a day or so, then just quit. The MFC-9170DW
