A British security contractor who was jailed for Syria-related crimes had been set to join Daesh by a man who is being hunted for his role in the murder of a British aid worker. Khalid Ali, from London, arranged for Lee Rigby, an English soldier in the Royal Marines, to be hacked to death in Woolwich, southeast London in May 2013. Ali is listed by US military officials as a Daesh member. The US military launched airstrikes against the terror group in 2014 and has killed hundreds of its operatives. Allegations have emerged that the British-born Ali was planning to detonate a bomb during a trip to Turkey. Follow by Email Subscribe To about the blogger My name is Jim, I live in Richmond, VA. Note This chapter covers the steps for repairing images on a Windows computer. If you're using a Mac, you can copy or move a file to another Mac computer instead of using an image-repairing application. The following steps will guide you through the process: 1. **Save a new copy of the image to a different file location**. Save a copy of the damaged image to another location. This will make it easier to access and to ensure that your original file has not become damaged or corrupted. 2. **Select the file
