Ravindranath and Chander, 'Power System Protection and Switchgear',Â .Q: How to remove alarm indicator in android? I have a pending intent to alarm manager and I want to remove the alarm indicator when the alarm finishes executing in all cases like if the alarm is cancelled or expired on-time. How can I remove this indicator and to show a Toast when the event is executed successfully? A: If you are using

AlarmManager.cancel(PendingIntent) to cancel the pending intent, then you will get a cancel notification in the status bar because AlarmManager schedules the notification for the specified PendingIntent after time expires. You can suppress the status bar notification using the following code: NotificationManager nm = (NotificationManager) getSystemService(NOTIFICATION_SERVICE); if (Build.VERSION.SDK_INT
