Pdf download of ddlj full movie hd 1080p Jackie Chan Shares Prank Recording of Him 'Free-Style' at Bernie Madoff's Bedroom Desk NEW YORK — The legendary martial artist has given an unauthorized press conference today at the home of disgraced financial mastermind Bernie Madoff. "See, I'm working," Chan told reporters before playing the prank. "I'm sitting here at Bernie's desk, and that's where he was sitting in court at the time," he said, while pointing to a nearly empty seat directly in front of Madoff's desktop, which was littered with empty bottles of JD and cognac. Chan then went to the door of the home where Bernie was born and robbed it, much to the annoyance of the neighbor. "Bernie?" Chan called out. "What?" Bernie asked from inside. "It's Jackie Chan. Remember me? Your old movie buddy?" "Oh. Wow, Jackie Chan, you're here?" "No, you, Bernie! It's your old buddy Jackie Chan here. We used to do some kung fu movies together, remember? Back in '89?" "What do you want, Jackie Chan? You're not supposed to be here! This is private property! This is my house!" "I know you probably don't remember me, Bernie, but it's your old buddy Jackie Chan here. You and I went on a Chinese kung fu tour in China, don't you remember that? You came to my shop. We had a good time." "I don't want to talk to you, Jackie Chan. Leave now!" "Bernie, it's me, Jackie Chan! You know, the guy from those kung fu movies we did in China?" "I don't care what you want," Madoff said. "Just go away!" "What do you mean, you don't care what I want?" "Go away! I

don't care what you want! Leave me alone!" "Bernie, where's the music? I'm a huge fan of that new album you're working on. I wrote a song. Maybe I can sing it for you, Bernie. And all I want is a little cooperation." "You write a song about me?! You can't be serious! Who are you? You're not me! Leave me alone!" "
