This video shows video director Tim Bevan how development team members have been enhancing the gameplay in FIFA 22 using "HyperMotion Technology." How Motion Capture Is Achieved This video shows "FIFA 19 Motion Capture" in more detail. Where Motion Capture Data Is Used This video highlights in more detail the various ways FIFA 22 has used player motion capture data to achieve the new gameplay features. "Motion Capture Technology" - How It Works This video shows FIFA 19 producer Sascha Meinrath providing an overview of the "Motion Capture Technology" that powers the improvements to gameplay. Player Movement & Run & Tackle Algorithms This video highlights player movement, the new run & tackle algorithms and how teams can cause the best reactions from opponents using these new gameplay features. Impact of Player Exertion This video highlights how "Impact Of Player Exertion" makes game-changing, dynamic decisions in the gameplay. Aerial Duels This video highlights the new "Dynamic Aerial Duel" feature in FIFA 22, which creates a continuous state of action on the ball. Quick Blitz Game This video shows how the game can now support players who have more pace and burst, because of the increased movement speed and acceleration in FIFA 22. Midfield Ball Switch This video highlights the new Ball Switch feature in FIFA 22, which lets players influence the ball dynamically, in order to execute beautiful passes and free kicks. Player Learning Curve This video shows how the learning curve in the game has been reduced significantly. Coverage Area This video highlights how the "Coverage Area" feature builds a bigger zone around the player and therefore contributes to increased protection around the goalkeeper, and how this feature also contributes to better timing and clarity for headers. "Ball Possession" This video highlights how more ball possession is finally being rewarded in FIFA 22. "Possession & Control" This video demonstrates how the "Possession & Control" feature in FIFA 22 allows players to possess the ball in increasingly smarter ways, contributing to the overall risk-benefit ratio. "Fly Player Control" This video showcases the new feature for controlling players who have used "Flyers" in

## **Fifa 22 Features Key:**

- Create your FUT team from over 6,800 real-world players making their way into the game. Only the best and most popular created teams are available in the game!
- 6.2 The Journey game mode, where you play as a recreated FUT club and play in multiple competitions to win trophies and earn coins that can be used to build your club and compete against players from around the world.
- High-intensity, realistic gameplay. Advanced match engine as well as various new features to make the pitch feel more alive.
- FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power gameplay.
