Georgia Tech student Marcus Munford died from a self-inflicted gunshot wound on May 10, 2013. An autopsy was performed that same day, with the medical examiner listing the cause of death as a gunshot wound to the head and manner of death as suicide. The Atlanta Journal-Constitution/Brendan Kutty The cause of death on campus following a suicide in 2013 did not change from the August 2014 autopsy that had concluded he died of a gunshot wound to the head and manner of death was undetermined. A spokesman for the university declined to provide a more detailed description of the May 10, 2013 autopsy — citing state regulations — but said an investigation of the death was completed in August 2014. The university said it was not

aware of any subsequent media requests for the autopsy report. Munford's death was particularly notable due to the way the school publicized it. "The death of a student has raised awareness of the dangers of a campus environment, especially when combined with other factors such as mental health issues," the university said. But that concern was not the only focus of a March 2013 article in the Atlanta Journal-Constitution that reported Munford's

Football for everyone. FIFA is the world's leading sports franchise, the definitive

football game - played by fans worldwide. Read more. What can I play as? FIFA allows you to play the beautiful game with any character you want. More than any other football game, FIFA gives you the freedom to be the player you want to be. Read more. Why FIFA? It may be football. And it may be on a tiny screen. But it's still the pinnacle of the sport. FIFA 2012 is the world's best football game. Read more. Since the beginning of time, the largest and most engaging sports world has been Football. It's the global sport that inspires passionate people around the globe, with the power to bring fans together in unexpected ways. And FIFA is the benchmark in the world of sports games, since its launch on the Sony PlayStation way back in 2001. As the official videogame of the world's number one football league, UEFA Champions League, it has been the definitive football game for a decade - and now FIFA delivers bigger, better and more authentic football moments than ever before, across all modes. Even more importantly, FIFA is already the best sports game by a country mile - and it shows no signs of relenting. If you want to be the best, it all starts with you. Take the initiative. Be the player you want to be. FIFA gives you the freedom to be the best you can be, as you compete on PlayStation 3, Xbox 360, PC or mobile devices. You decide who you are. It's your dream. Passionate people have always loved football. FIFA is the world's best football game because it is entirely focused on its fans, and nothing else. That's how we do things at EA. This focus is particularly important in the FIFA universe, where in the past we've taken only a small number of characters from the real world and started to put them into football games. This is not just a work of game-making, it's a cultural creation. We can be a little self-deprecating when it comes to sports games - but FIFA is special. It's not just a game, it's a cultural experience. FIFA is more than the football game, it's part of the discussion. Wanna win? You  bc9d6d6daa

[The surgical treatment of the paraganglioma and pheochromocytoma]. Of thirty-six patients treated for paraganglioma and pheochromocytoma, 17 had carotid body tumors, 11 had retroperitoneal tumors, 10 intradural, 1 intraspinal. Eleven of the 17 patients with carotid body tumors died postoperatively, due to metastases or recurrent of the primary tumor. The survival rate was 40%. Three of the 11 patients with retroperitoneal tumors died postoperatively, due to metastases or recurrence. The survival rate was 27%. Seven of the 10 patients with intradural or intraspinal tumor were alive postoperatively, one died due to metastases and two died due to recurrence. The survival rate was 70%. The main postoperative complications were hemiparesis, aphasia, pain, paraplegia and thrombophlebitis. The results emphasize the high rates of recurrence and metastases after a "wait and see" policy, and at the same time show the importance of intraoperative diagnosis of this disease.

What's new:

- **Fluid Football**

- **Game features new physics to deliver unprecedented finesse. Players will make less contact with the ball when receiving it, and their impact will carry through the ball's flight and movement more realistically. Players will also receive less perfect passes from teammates as a direct result of this new physics.**
- **Pressure situations, such as balls impacting the line, will be more accurate. Goalkeeper dives will be more authentic and realistic, to create a more authentic experience in all pressure situations.**
- **Fluid motion**
 - **Players will perform less unnatural ball touches (clipping) as a result of an overhaul in the game's physics.**
 - **Bullfighting, drag dribbling moves, and diving are now more realistic, as a result of the ball physics change.**
- **Relaxed Kicking**
 - **Goalkeepers will kick the ball more naturally when they are relaxed, which will affect headers, crosses, and corners. You'll see the time it takes for the ball to arrive on the goal and the goalkeeper is able to distribute and stop the ball more efficiently.**
 - **All players will also see their timing of passes improve, making them more**

-
- accurate, and less prone to penalties**
 - **Vision Control**
 - **Pitch-side cameras will track players with more precision.**
 - **Goalkeepers will push, dive, and throw their hands into the air more realistically.**
 - **New game features will increase player detection.**
