## Quickbooks Validation Code Generator

How do I activate the QuickBooks Enterprise Verification Code Generator? I'm trying to set up QuickBooks Enterprise authentication and get a verification code. I'm using the Windows version of QuickBooks Enterprise 2017, but all computers I trust have QuickBooks Enterprise 2017. I am using a file. PDF to generate verification code. I am using QuickBooks Pro 2017.1 for Windows. I was trying to use the QuickBooks website to get a code for my business account setup. I can't get the code he gives me. I'm not
