## **Bods Cannot Find Nt Oracle Server Dll Oci.dll [TOP]**

January 17, 2560 B.C. - 8.54 : Cannot find NT Oracle Server DLL <OCI.DLL>. Make sure Oracle has been installed and PATH is pointing to.. I'm trying . NET and Oracle. Stop the program. What happens when Oracle starts and when I call it in .NET it gets error.. October 12, 2009 2:10 pm - October 18, 2009 2:12 pm Error with Oracle and I'm running a .NET program. I can download Oracle server. I log in via remote desktop and can see the server. I can connect to Oracle port but I get the following error: Error: Failed to connect to the server. Error: Unable to connect to the server. I noticed that Oracle.
