fsxp3dp3d2topcat274betacracked. any problem.. need help. contact one of the makers / sellers of this game. hint to find other beta accessible roms: / <http://rctealchemist.net/> package contains xle, lowloader, bootloader, supercard, lowxapps, cx4 card. only for non hardmodded roms.

---

instruction this file contains a hacked version of fsxp3dp3d2topcat274.barcoded rom. the modification is equal to the original rom. it means this is a hacked version (hacked rom) of fsxp3dp3d2topcat274 and can not replaced any of the original files of this rom. you may use this tool only for non hardmodded roms if you are hardmodded rom, don't run this hack!

---

you will lose ability to play game without start menu. this package only contain one boot.img file and one xle file. the boot.img contain the hacked rom and the xle contain the boot.img file. to use this boot.img you need to use xpress loader, not the rom manager. the lowloader, supercard, lowxapps, cx4 card are not included. only for hardmodded roms. the

---

folder names of the hacked rom contain the hash of the rom. the hash is the same as original rom (no hack). my rom contains the same hash as original rom (no hack). to check the hash of your rom, navigate to tools menu -> hasher. copy the rom hash to your rom's install folder and start the rom. if you see the same hex value in rom's hash and the rom's hash, then this means this

---

rom is not hacked. to hack the rom, you need to replace the rom's hash with another one. to hack the rom you need to replace the rom's hash with other one and copy new boot.img file and xle file (i included only one xle file to show how to hack the rom). i never put the rom's hash in the rom zip file. i put two versions of the rom files. the rom uses cheat engine to execute

---

the script files. so you must have to hack the script files. you don't need to hack script files to play this rom. the hacked rom contains the rom's backup file. the backup file is the rom with script file which cheat engine read. to play the hacked rom you need to put the rom with script file which cheat engine read. the hacked rom also contain the hack version of script files. you don't need

---

to hack the script files to play this rom. the rom contains two cheat engine script files, one called "hackcat.run" and the other one called "hackcat.runcat".
