
Hush (2016) 1080p WEBRip X264

and he really has no good directors who would come up with a film like hush. he could have gone with someone like danny boyle or paul thomas anderson, but no, he chose to go with some guy called mike flanagan, a director that has zero talent in my opinion. theres nothing more to hush than kate siegel battling against john gallagher jr., which puts tremendous pressure on their antagonistic chemistry. siegel has to express both fear and strength, while gallagher must convey a certain level of debased humanity capable of painting him as a murderous sociopath. simple, right well, actually, it is! theres no catch to my previous statement, because both actors do exactly whats needed, and embrace a very comfortable take on home invasion horrors. siegel is a special kind of victim, one who doesnt let obvious impairments dictate her demise, and gallagher is a right proper bastard. think youre next (the masks, crossbow) for the hearing impaired. so, whats hush about? its a story of a desperate family trapped in their home, while a dangerous intruder roams the house. theres a scene where a group of guys go off in search of a poker game, and when one of the guys reaches the table, hes suddenly greeted with a crossbow blow in the head. the camera starts spinning around, and then cuts to a close up of the guy, who is lying in a pool of blood. its a really funny moment, and theres a lot of room for some extended humor. it comes in the form of a quick punchline, but its a punchline that comes with a pretty clear, and surprising payoff. its the kind of thing you think is going to be a little funny, but only to reveal itself later. but thats a delightfully clever little moment thats crammed into a short film.

Hush (2016) 1080p WEBRip X264

theres no real way to
sum up the
experience of
watching hush as its
far too short, and its
not a particularly

memorable
experience. its got a
great cast, but the
material doesnt
particularly lend itself
to cinematic theater,
and the film is just too
short to provide a real
emotional impact. if

you're looking for
some good thrilling
horror, then you
might want to check
out this hush movie. i
love horror movies,
but unfortunately
there's not too many
that scare me. it's a

real shame that
theres not too many
horror movies that
are good quality. this
movie is a very well
done movie, that is
definitely scary and
action packed. the
actors in the movie

are very good, and there are some very good kills in this movie. if youre looking for a good thriller movie, then this is definately one to check out. even if you dont normally

watch horror movies,
but give this one a
chance. watch online

with a great central
performance from
kate siegel, hush
should be the next
movie to get a

theatrical run in the states. this is one of the better horror movies to come out in a long time, and its scary as hell. its a very well done thriller that has some really great moments in it. it

would be nice if this
movie got a real
theatrical release,
especially considering
that it was made by
the same people who
made oculus and the
void. 5ec8ef588b
