powered by any household power supply. Quick charge your valuable battery up to 50% in about 2 hours. The Bosch CORE 18V 4 Ah (65Wh) Lithium-ion battery in this rapid charger can be fully charged and ready to go in less than 2 hours. Since it is not a direct replacement of the original battery, it has the flexibility to easily transition to a different battery type. Rapid charging is ideal for filling a vehicle battery in just a few minutes, saving the user time and making a difference in reducing the carbon footprint. The charger features integrated 10W wall plug, which makes it convenient for charging in home or office and saves a lot of time and effort compared to an extension cord. The battery can be easily removed with one hand, and the charger also has an indicator light that signals when the battery has completed the charging.
