Test4u’s proficiency exams allow for accreditation and certification of ICDL (International Certificate of Digital Literacy) or ICCDL (International Certificate of Competency in Digital Literacy), ICED (International Certificate of Education in Digital Literacy) or ECDL (European Certificate of Digital Literacy), a certification of knowledge and practical skills in using Digital information and communication technologies for on-the-job learning and effective use in education, business and industry. TEST4U is a system which adapts to the student. The curriculum is developed by a team of experts in the ECDL/ICDL field and is very well structured in its modules. TEST4U will adapt to the needs of the student by adjusting the training material to the standard required for the exam. TEST4U not only covers the syllabus, but it also offers tutoring on just about everything covered in the whole ECDL/ICDL syllabus. TEST4U covers the requirements of the ICDL programme which has been mapped or referenced to the National Qualifications Frameworks of Ireland, England, Wales, Northern Ireland, Malta, Scotland, Australia, Iran, New Zealand, Singapore, South Africa, Thailand and Vietnam, as well as endorsed by governments in a number of countries. TEST4U Certify Projects, Assign Projects and train your team members on their knowledge of the material. TEST4U certifies projects, that is, it is able to assess project contents in terms of their knowledge about the material. Project contents can be assigned by means of TEST4U Certify Projects, while TEST4U Assign Projects allows the user to define project content to be customized before being assigned to team members. TEST4U Certify Projects complements TEST4U Assign Projects by allowing the user to assess the knowledge of team members and to assign projects to them accordingly. TEST4U Certify Projects is also available in a full stand-alone version which provides an even wider range of categories and a testing environment identical to the Certificate Examinations one (MOS Certiport, ECDL/ICDL, e.tc.).
