Reviews: We do not accept Negative Reviews. Find Something Good! Something Bad! By Alex Garcia A year and a half ago, I picked up a Nintendo Wii to play with my daughter, and I never really played with it until about a month ago, when I just decided I wanted to play with it. So, I did some research on what games I could actually play with the Wii, and only really found a couple. With one game, I could play with a friend, but the other, I could not. This game
